## Prayer List

~**Annetta Hill** received a good news report from the scan she had recently. The test showed it was scar tissue NOT cancer. She said it was probably from damage from radiation that she took when she had cancer. The broken ribs are healing, but she said they could be painful still for quite some time but thank the Lord. It's **not** cancer.

~Please keep **Tim Leach** in your prayers, as he recovers from pneumonia. Please pray for his quick and full recovery.

~**Duane & Marty Webb** thank you for your continued prayers for **Duane's** recovery from his head injury and slight concussion he suffered from a fall on the ice a week ago. He's on medications, and he had some physical maneuvers that he was able to do at home for the vertigo (nausea and dizziness) issue that he was experiencing as a result of the injury. He is improving. Please pray for his full recovery from this.

~**Marilyn Kitchen** informed us that her great-granddaughter, **Melanie**, is much better and has been able to return to preschool. Thank you for your prayers.

~Please continue to keep **Nancy Friedrich** in your prayers as she recovers from cellulitis.

~Please continue to keep **Dani DeJesus and her husband Zack**, in your prayers, as they deal with the recent loss of their newborn baby boy, **Malakai**, who passed away on Dec. 7th. **\*Recent Update:** Malakai's twin sister, **\*Juliette**, was home from the hospital and was doing well, but she now has **COVID**. Please pray for her healing and quick recovery from this.

~Prayers are requested for **Paul & Cheryl Teague's grandson, Wyatt**.

~**Marilyn Kitchen** requests continued prayers for 7-year-old **Scarlett Revis**. She's been at Riley Children's Hosp. in Indy, due to having 3 skull fractures inflicted upon by her stepmother.

**Update:** *Scarlett is in serious but stable condition. She's had surgery to reduce bleeding in her brain. She's not conscious, but has moved her hand. Her stepmother and the biological father have custody of her. Evidently, the father has known about the abuse for 6 months and never reported it. They are both currently in the Blackford County jail. Scarlett's biological mom is with her at Riley. The paternal grandparents have the two-year-old twins, trying to keep them out of the "system" but are struggling with resources to care for them. Most Recent Update: Scarlett is awake and responsive, and she is breathing on her own. She is trying to speak. Some words are unintelligible, but she was able to tell both of her grandparents that she loves them. As Marilyn said..."Prayer does work!" Please continue to pray for Scarlett and her family, as she continues her recovery.*

~Prayers are requested for **Cristy Abels**, as her cancer has returned, and it is in her brain. Please pray for her healing and strength, as she has endured a long battle with cancer.

~**Lois Calvert** requests continued prayers for **Larry Calvert**. He is home from the hospital and continuing to recover from a staph infection where his pacemaker broke through. He's receiving wound care at home.

~**Lois Calvert** requests prayers for her niece, **Susan**, who has liver cancer and several cancerous lesions on her brain. She was to have surgery on Dec. 12th. Another niece, **Sandy**, who has colon cancer, fell and cracked her pelvis. She can no longer take the treatment she was on. When her pelvis heals, radiation will be considered.

~**Dave Mathews** requests continued prayers for his brother-in-law, **Ray Lego**, (Dave's sister, Gayle's husband). Ray is battling an aggressive cancer within his prostate. Please pray for both **Ray & Gayle** as they deal with this, and pray for Ray's healing

and for his good PET scan result. ~Please keep **Jerry Monroe** in your prayers, as he's dealing with bone cancer. He's staying with his mother, Oretha and sister, Margaret.

~Please continue prayers for **Oretha Monroe**, and pray for all the **Monroe family**, as several have health issues.

~**Alex & Diana Cooper** requests continued prayers for their friend, **Tina**, who has been in remission for breast cancer, but she found out that her cancer has returned. She is receiving radiation. **Update:** *Her treatment went well and her new cancer spot is gone. The other is unchanged, but the radiation is still working on it.* Please pray for her strength and that the radiation treatment will put Tina's cancer back into remission.

~**Diana Cooper** also requests prayers for her friend, **Karra** and her family. Karra's breast cancer seemed to be in remission, but it was discovered that it has metastasized to her brain. **Update:** *She found out that she has 4 tumors in her brain. Recent Update: Karra has been having a lot of headaches, but recent scans show there aren't any new lesions and the present ones are smaller.* Please continue prayers for her healing.

~**Michelle Cook** requests prayers for her brother, **Beau Bell**, who is not doing well at this time. *(As you'll recall, he's been on our Long-Term Prayer List due to his suffering with an aggressive type of Parkinson's disease.
